andis®

every style. every groom. every cut.

Professional Styling Tools

Introducing the bold new look of Andis® professional products.

We blended style with sensibility and packaged it up.

At Andis®, we're always seeking ways to do things better, from product performance to processes, as well as the services we provide. So it should come as no surprise that we'd want to consider the customer experience at point of sale, and how it could be improved. Why? The easier it is to compare and understand the features and benefits of our products, the quicker that shopper becomes a buyer. We couldn't imagine a better way to begin a packaging redesign than by listening to the voice of the customer. And so we did, and we're proud to share the results in our new package designs.

Professional barbers and stylists need to know the product advantage. We state it clearly with the callout, "Best For."

A unique feature of the product is called out prominently on the left front and side of each gift box.

We identified our legacy products as the "Classic Collection" with a gold logo badge and corresponding banner. A brief history of the Andis Company is also found on the side panel of these very special products.

The business end of our tools is the blade. We visually show the adjustable or detachable feature to reinforce our customers' understanding of the type of system they are purchasing.

Pros know what they want, right down to the motor. We make it easy for them to find these specifications and tell them what they need to know.

What combs are included? A glance at the bottom of the front panel will tell you.

Four color-coded categories make products easy to find.

Customer research told us viewing the shelf can be overwhelming. Our new color-coded packaging makes it easy to identify product categories and simplify the purchase decision.

All contents of the gift box are featured on the back panel, along with features of the included blade.

Product features and advantages are listed for easy comparison across the Andis product line.

Simple graphics across the bottom of the back panel communicate performance features to accelerate the comparison process.

The fusion of art, science and common sense.

Before we started the packaging redesign we evaluated competing brands, and more important, listened to barbers and stylists from a broad demographic and geographic mix. We also tapped the knowledge of retailers and our own sales team. Then we asked what end users would want to know at a glance, and relegated supporting details to the side and back panels of the packaging. Our goal? Provide a logical information flow and keep the product presentation clean at point of sale.

Packaging that's bold, professional, elegant and inspiring.

The continual evolution of our state-of-the-art brand demands a packaging strategy that supports it. Watch for Andis to be represented better than ever before at point of sale.

STYLE THAT'S *Timeless*

Since 1922, Andis® has been at the center of haircutting style, developing classic tools that enable classic—and eclectic—cuts. For more than 90 years the Andis family tradition has endured, marked by the highest quality products in the industry, and some of the finest made right here in the USA.

ADJUSTABLE BLADE CLIPPERS

He's different from him. She's different from her. Fine hair, coarse hair – everybody's different. So you reach for an Andis® adjustable blade clipper. With an assortment of tools offering a range of blades, you have infinite control from cutting lengths of 00000 to 2. A quick touch of the side lever moves the blade guard and holds it firmly in place. You're not reaching for another clipper, or losing the rhythm of your work by starting and stopping. They're adjustable, and that fits your style.

The original Master®, the standard by which all clippers are compared.

Master® Clipper

- High-speed, powerful, magnetic motor generates 14,000 strokes per minute
- Designed for heavy-duty, all-around cutting and tapering
- Runs cool and quiet
- Convenient thumb-controlled side switch for one-hand on/off operations
- Unbreakable, lightweight aluminum housing for years of dependable styling
- Single lever adjusts clipper blade from fine to coarse
- Includes blade oil

Powerful, rotary motor clipper with quiet, cool, smooth-running motor. Lighter than comparable detachable blade clippers. Specially designed hair guard protects against hair build-up. Blades detach in seconds and clean easily. Tangle-free swivel cord.	This powerful, heavy-duty clipper has two speeds for styling versatility and easily cuts wet or dry hair. Includes two UltraEdge® blades. The anti-slip, soft-grip housing fits firmly and comfortably in your hand. Blades detach in seconds and clean easily.	Powerful, 2-speed rotary motor clipper easily cuts wet or dry hair. Blades detach in seconds and clean easily. Runs so cool, fans and air vents are not needed.

The right motor for optimal *performance*

Andis® tools are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis® selection will deliver the high-quality results you've come to expect when you pair the correct motor with the right application.

Magnetic motors

Reliable Power & High Blade Speed
Magnetic motors run at high speeds, resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest-lasting of all the motors.

Pivot motors

High Power & Lower Blade Speed
Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool-running and long-lasting.

Rotary motors

High Power & High Blade Speed
Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

Oval Accessory Bag 12430
The store-all, go anywhere solution for any of your Andis® tools.

For a dependable, long-life blade, look no further than Andis® UltraEdge® blades. Our exclusive carburized hardening process keeps blades sharper for a longer time. Add a special chrome finish that inhibits corrosion and you have cutting solutions that will last for years.

Blade Carrying Bag 12425
Conveniently store your blades in this flexible and easy to use blade bag. Carry up to 9 detachable UltraEdge® or CeramicEdge® blades in see-through pockets with velcro closures.

CeramicEdge® blades

For clippers that get a workout all day long, consider Andis® CeramicEdge® blades. Our zirconium oxide ceramic cutter stays up to 75% cooler than steel. The unique patent-pending material is more durable than imported ceramics to resist breakage when changing blades.

- Charging stand
- Blade oil

Heavy-duty, motor driven, rechargeable trimmer is ideal for fast touch-ups and hair designing. Close-cutting T-blade is great for trimming around ears and necklines. Cordless and rechargeable for maximum styling flexibility.

CHARGING STANDS INCLUDED

24870 PS1
Trim 'N Go™ Trimmer

Single Speed

Rotary - 7,000 SPM

4.0 oz

Stainless-steel blade

INCLUDES:
- 1 AA battery
- 6 Attachment combs
  #1, #2, #3, 1/4", 3/8", 1/2"
- Storage/travel pouch

Compact and quiet cordless personal trimmer. Ideal for trimming beards, moustaches and necklines. The perfect size for travel. Soft grip design. Operates on 1 AA battery.

13430 NT-1
Fast Trim™ Personal Trimmer

Single Speed

Rotary - 7,000 SPM

2.0 oz

Surgical stainless-steel blade

INCLUDES:
- 1 AA battery
- Blade cap

Battery operated trimmer for nasal hair, eyebrows and ear hair. Rustproof surgical stainless-steel blades rinse clean easily, trim hair close and are safer than shears. Protective cap keeps blades safe for travel and storage. Operates on 1 AA battery.

17010 AS-1
ProFoil™ Professional Shaver

Single Speed

Rotary - 9,000 SPM

6.0 oz

Foil screen assembly and inner cutters #17130

INCLUDES:
- Charger adapter
- Cleaning brush

Shaves fast, easy and close! Achieve an ultra-close, ultra-smooth shave or clean up hairstyles with this professional, cordless, rechargeable shaver. Shaves irritation free, hypo-allergenic, micro-thin titanium foils glide over skin. Precision slide-up trimmer trims moustaches, sideburns and beards.

Essential
to a smooth look.

Reduces inflammation from razor burn and helps prevent ingrown hairs that lead to razor bumps. Special Sensitive Skin formula has a fresh scent, leaving the skin cool and fresh. Best when used with close-cutting Andis® trimmers.

STYLING DRYERS

The do isn't done until you add the finishing touch. In your world it means being able to work fluidly and seamlessly to let your creativity evolve. So at the touch of a switch our dryers provide the heat control and blower speeds you need to bring out the shine and style of the cut.

Pro Dry+™ Dryer

- Tourmaline technology quickly seals the cuticle layer and eliminates frizz for smoother, silkier hair
- Ionic technology breaks up water molecules, resulting in quicker drying time
- Ceramic delivers far-infrared heat that penetrates the hair from the inside out, creating deep, long-lasting styles
- Powerful, long-life AC motor
- 4 heat and 2 speed settings for ultimate styling
- Cool shot button locks in style
- Removable filter cap for easy cleaning
- Includes pick, concentrator & locking diffuser

82360 ACM-1P

Pro Dry+™ Tourmaline Ionic/Ceramic Hair Dryer

1875 Watts

80435 HVD-1

Elevate® Tourmaline/Ceramic High Velocity Dryer

1875 Watts, includes pick & concentrator

Dryer uses tourmaline, ceramic and ionic technology, which is healthier for the hair than standard dryers because they generate negative ions and infrared heat which zap moisture from the hair. Ceramic coating helps heat the air more evenly. Features 3 heat and 2 air speeds, removable air intake cap for easy cleaning and cool shot button. HyperDC Motor™ generates 40% more airflow, drying hair in less than half the time of a regular dryer. 8' cord.

80845 HVD-1

Pro Dry™ Tourmaline Ionic/Ceramic High Velocity Dryer

1875 Watts, includes pick & concentrator

82310 ACM-1

Platinum Ceramic/Ionic Dryer

1875 Watts, includes resin pick, aluminum concentrator & resin concentrator

Dryer uses ceramic and ionic technology, which is healthier for the hair than standard dryers because they generate negative ions and infrared heat which zap moisture from the hair. Ceramic coating helps heat the air more evenly. Features 4 heat/air speeds, removable air intake cap for easy cleaning and cool shot button to lock style in place. Heavy-duty 10' cord.

82005 ACM-1

Black Chrome Ceramic/Ionic Dryer

1875 Watts, includes resin pick, aluminum concentrator & resin concentrator

80405 MI-5

Elevate® Tourmaline Ceramic Ionic Dryer

1875 Watts, includes pick & concentrator

Lightweight dryer uses tourmaline, ceramic and ionic technology, which is healthier for the hair than standard dryers because they generate negative ions and infrared heat which zap moisture from the hair. Ceramic coating helps heat the air more evenly. Features 2 heat and 2 air speeds, removable air intake cap for easy cleaning and cool shot button. Powerful HyperDC Motor™ provides a lightweight, fatigue-free dryer. 8' cord.

80400 EC-1

Elevate® Tourmaline Hyper DC Ionic/Ceramic Dryer

1800 Watts, includes pick & concentrator

Dryer uses tourmaline, ionic and ceramic technology, which is healthier for the hair than standard dryers because they generate negative ions and infrared heat which zap moisture from the hair. Ceramic coating helps heat the air more evenly. Features 3 heat and 2 air speeds, cool shot button and 8' cord with Lifeline® plug. Powerful HyperDC Motor™ provides a lightweight, fatigue-free dryer.

80015 ID-1

Professional Red/Black Dryer

1600 Watts, includes pick & concentrator

Sleek Italian-styled dryer with 1600 watts of turbo drying power. Features 3 heat and 2 air speeds, long-life AC motor, cool shot button to lock in style and removable air intake cap and filter screen. Heavy-duty 10' cord.

80345 HS-1

Styler 1875 Ceramic Dryer

1875 Watts, includes fine tooth comb, wide tooth comb & boar bristle attachment brush

Hatchet style dryer. Lightweight, 1875 watt dryer uses even heat and ceramic technology to help heat the air more evenly. Features 3 heat and 3 air speeds with cool shot button, turbo boost for high-speed.

Fits: HS-1

MAINTENANCE

After manufacturing clippers and trimmers for more than 90 years, Andis® has two simple rules to keep your tools performing at their best — cleaning and oiling. Disinfecting your tools after each cut is not only good for your tool, it's a healthy and necessary practice for your clients' benefit. Oiling your blades is a must to ensure optimal performance and blade longevity. Turn to the Andis® line of maintenance products and you'll know you're protected.

Cool Care Plus®
12750

Spray can, 15.5 oz - 12 to a case
Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Easy to use spray – no need to remove the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.

Blade Care Plus®
12570 (Jar) & 12590 (Spray Bottle)

Dip jar, 16.5 oz - 12 to a case
Spray bottle, 16 oz - 12 to a case
In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hairstylists and barbers, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Andis® Clipper Oil
12241 (Case of 12) & 12501 (Case of 48)

4 oz bottles
Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add a few drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

ACCESSORIES

Black Clipper Comb 12109
Great for clipper cuts and flattops. Use when working with light-colored hair.

White Clipper Comb 12499
Great for clipper cuts and flattops. Use when working with dark-colored hair.
